This describes the QuEST Forum process for listing qualified Registrars to the TL 9000 Registration Management System (RMS).

To be listed in the Registration Repository System, the Certification Body must:

- 1) be fully qualified by an Accreditation Body that has established a formal recognition agreement with the QuEST Forum.
- 2) satisfy the requirements of their Accreditation Body(ies)
- 3) comply with their own procedure(s),
- 4) comply with Appendix B, "Code of Practice for TL 9000 Registrars", and with Appendix G, "Qualification and Experience Requirements for TL 9000 Registrar Auditors" of TL 9000 Quality Management System Requirements Handbook.

Once a Registrar/Certification Body has met these requirements, the Accreditation Body shall complete the **QuEST Forum TL 9000 Certification Body/Registrar Data Input Form** and email it to the TL 9000 Administrator at tl9000admin@questforum.org

Any changes to the Registrar/Certification Body's listing shall be made by completing a **QuEST Forum TL 9000 Certification Body/Registrar Data Input Form** and emailing it TL 9000 Administrator at tl9000admin@questforum.org
